

OVERVIEW: PRODUCTS & SERVICES

BEHAVIORAL HEALTH

QUANTUM HEALTH CONNECT

Our mission is to provide telehealth solutions that transform healthcare delivery while advancing the integration of medical & behavioral health care.

TELEHEALTH

At QHC we focus on the three critical components of telehealth:

**PLATFORM
PROVIDERS
PROCESS**

SINCE 1999, we have been providing care through our national network of virtual clinicians to:

- community mental health centers, nursing homes, residential treatment programs, Federally Qualified Health Centers ...
- through our Employee Assistance Program (EAP), to schools, universities, employers and correctional facilities

1. OUR PREMIUM VIRTUAL PLATFORM:

- is easy to use and incorporate into your operations
- ensures seamless interaction between patient and clinician
- represents the best price in this market place

OUR DASHBOARD creates a HIPAA-secure cloud-based virtual office that enables:

- scheduling
- email
- session notes
- electronic prescribing
- EMR integration

OUR WORKFLOW was designed to facilitate efficient clinician utilization and effective patient treatment.

We offer the **BEST VALUE** in the industry:

- \$49 a month for a virtual license to connect with an individual provider
- One-time \$99 set-up fee
- Virtual Walk-In Clinics to accommodate multiple providers of the same discipline

2. OUR VIRTUAL NETWORK

- is one of the largest provider networks in the country
- has licensed and credentialed psychiatrists, physicians, behavioral health providers in all 50 states, Puerto Rico and internationally
- thoroughly vets and verifies all clinicians

3. IMPLEMENTATION W/ MILITARY PRECISION

QHC does the heavy lifting to operationalize your telehealth services.

OUR FULFILLMENT TEAM partners with your staff to:

- meet your unique needs
- address your specific concerns and challenges
- design workflows that minimize disruption and maximize effectiveness for your patients and staff.

SUPPORT CONTINUES through:

- designated account managers
- full access to our operations team

QUANTUM HEALTH CONNECT

ADDITIONAL BEHAVIORAL HEALTH SERVICES

OPIOID TREATMENT

We offer INNOVATIVE products and services to augment hospital and health system efforts to combat the opioid epidemic including:

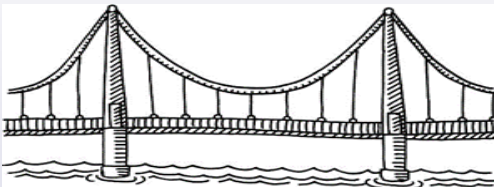

Virtual EMDR

Eye Movement Desensitization and Reprocessing Therapy (EMDR) has been used as an effective treatment for more than 28 years for trauma and compulsive addictive disorders.

QHC enables our clients to bring EMDR treatment to patients *virtually* as part of a comprehensive care plan. Our Virtual EMDR program is one of the first of its kind in treating opioid addiction.

Medication Assisted Treatment (MAT)

QHC incorporates standard and suboxone Medication Assisted Treatment programs.

BEHAVIORAL HEALTH ASSESSMENT

Our comprehensive behavioral health assessment can help hospitals and health systems integrate behavioral health information with medical data for better patient treatment and outcomes.

Our M3 Clinician assessment can be administered during a primary care, emergency, or other medical visit. Key features:

- evidence-based, NCQA-certified and research-verified
- easy to administer on computer or tablet
- takes a patient about seven minutes to answer 27 questions
- profiles seven emotional dimensions: depression, bipolar, anxiety, trauma, suicide, addiction (propensity), functional level
- report is generated immediately providing the clinician with profile, treatment recommendations
- data and patient condition can be tracked over time
- covered by Medicare, Medicaid and most commercial insurers
- is a revenue generator for facilities
