

OVERVIEW:

NATIONAL NETWORK OF PROVIDERS

QUANTUM HEALTH CONNECT

Our mission is to provide telehealth solutions that transform healthcare delivery while advancing the integration of medical & behavioral health care.

NATIONAL NETWORK OF PROVIDERS

ACCESS for PATIENTS

Quantum Health Connect shares a common goal with our provider partners and clients: to ensure access to premium behavioral health care services when the patient needs them for as long as the patient needs them, wherever the patient may be.

- We strive for consistent, continual coverage so clients maintain continuity with their partner physicians and providers
- We experience low “churn” levels as physicians enjoy the virtual practice lifestyle

ACCESS to PROVIDERS

QHC has compiled probably the largest network of experienced behavioral health and medical professionals in the country.

- We have licensed and credentialed psychiatrists, physicians and behavioral health providers in all 50 states, Puerto Rico and internationally
- We thoroughly vet and verify all physicians with background checks that include:
 - state licensure
 - board certification
 - references
 - diploma & transcripts
 - DEA # for physicians
 - medical liability insurance that includes virtual care
 - FBI, criminal, child abuse background clearance when warranted
- Our providers average eight years of clinical experience and are trained in telemedicine and virtual care.

U.S.: Our national network* includes approximately 13,400 behavioral health providers & over 1,300 psychiatrists

* As of year end 2018, reflect numbers from largest of three networks from which QHC draws

QUANTUM HEALTH CONNECT

NATIONAL NETWORK OF PROVIDERS

CUSTOMIZED SOLUTIONS

QHC designs solutions and arrangements to meet the client's unique needs.

- We can provide coverage in any setting for any time required -- ED, on call, 24/7, inpatient, outpatient, consistent office hours, clinics, etc.
- We expeditiously finalize contracts and activate arrangements once client needs are determined
- We do the heavy lifting to operationalize your telehealth services, making implementation "painless" for your staff.
- We design custom workflows that minimize disruption and maximize effectiveness for your patients and staff.
- Support continues thereafter through designated account managers, full access to our operations team, US-based customer services (answers calls for assistance within 30 seconds)

PREMIUM VIRTUAL PLATFORM:

- is easy to use and incorporate into your operations
- ensures seamless interaction between patient and clinician
- the best price in this market place
 - ➔ \$49/month virtual license per provider
 - ➔ \$99 one-time set-up fee

36 YEARS of CARING for MENTAL HEALTH

QHC and our sister companies have been providing behavioral health care since 1982. We currently serve over a million lives nationally for employers and health plans, through our employee assistance program (EAP), and through telehealth services provided for hospitals and health systems, clinics and physician offices.

Ask us about our behavioral health care management services, also successful helping patients and providers since 1982.
